

Academic Program for Master Degree in Nursing Science

Program overview

This program will ensure that students become experts in the field of Nursing Science. The first year is almost entirely devoted to expanding one's knowledge of the field. The second-year focuses on deepening the understanding of the field and the topic for the dissertation is chosen and the associated research plan is written. In the third year, students will finish their dissertations and after defending, they will be awarded the title of Master of Science in Nursing Science.

Aim of the program

The program aims to educate the next generation of nursing talents to be able to compete with their peers in the global job market. Through extensive training and research practise, the student will graduate and hold the Master's Degree enabling him/her to work in multiple nursing settings, such as clinical nursing, education, management, and research.

When and how to apply

Applicants can apply starting from December 20th, 2021 till May 31st, 2022. For more information on the documents needed and the application procedure, please visit: <http://www.istudy.sdu.edu.cn>.
